# Application to Participate in PET Workshop

San Diego, July 12–16, 2004

## Fill out the following background information (Please print)

<table>
<thead>
<tr>
<th>Name</th>
<th>Office telephone number:</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
<tr>
<td>College or University</td>
<td>Office fax number:</td>
</tr>
<tr>
<td></td>
<td>E-mail address:</td>
</tr>
<tr>
<td></td>
<td>Personal web page (if available):</td>
</tr>
</tbody>
</table>

## To be accepted to the workshop you need to commit to offer the PET curriculum (approximately 60 hours of class time) at least once (and preferably twice) during the 2004-2005 academic year.

## To offer the PET curriculum you must teach the course in a room with the following equipment:

- Computer (PC or Mac) and MBL equipment (motion sensor, software, low-friction cart and track) and internet connection for each group of 3-4 students.
- Computer projection system

## Obtain a letter of commitment from an administrator (e.g. department chair, dean) stating that he/she will honor the commitment to offer the course (#2) with the necessary equipment (#3).

---

If you are accepted to join us for the workshop, we will provide you with the following:

- One full set of PET curriculum materials and software. (You will need to work out an arrangement for your students to obtain copies.)
- Travel support and modest stipend to attend the workshop
- $600 to purchase additional materials to support your implementation of PET
- $500 honorarium for you to provide feedback to the PET project evaluator during the workshop and during the 2004-2005 academic year

Mail or fax this application, as well as the letter of support from your administrator, to:

Judith Leggett  
CRMSE  
6475 Alvarado Road, Suite 206  
San Diego, CA 92120  
FAX 619-594-1581

For additional information contact Judith Leggett by e-mail at: jleggett@sciences.sdsu.edu or call 619-594-1579.

---

Deadline for submission for two-year college faculty is **May 15, 2004**. Four-year college faculty should contact Fred Goldberg at: fgoldberg@sciences.sdsu.edu

---

The PET project is supported by the National Science Foundation Grant ESI-0096856.
